1. **Call to Order and Pledge of Allegiance - 1:00 pm**
   Commissioner Libby Szabo called the meeting to order at 1:00 pm.

2. **Introductions**
   a. **Visitors/Guests/Staff**
      Mr. Ken MacKenzie introduced the following new employees:
      i. Katie Evers, GIS Analyst
      ii. Eric Thomas, Student Intern

      Mr. MacKenzie introduced the following guests:
      - Charles S. Gilford III  City/County of Denver
      - Greg Hanson          National Weather Service
      - Jim Kaiser           City of Thornton
      - David Rausch        Adams County

   b. **Awards/Recognitions**
      i. **2019 Perfect Attendance - Board Members**
         Mr. MacKenzie recognized Mayor Bud Starker and Mr. Dave Sellards for having perfect attendance in 2019. Mr. MacKenzie thanked them for their dedicated service to the District.

         Mr. MacKenzie also recognized several directors that would be leaving the Board in 2020, including:
         - Randy Ahrens       Mayor, City/County of Broomfield
         - Debbie Brinkman    Mayor, City of Littleton
         - John Marriott      Council Member, City of Arvada
         - Murphy Robinson    Chief Operating Officer, City/County of Denver
         - Bob Roth           Mayor Pro Tem, City of Aurora
         - Sam Weaver         Mayor, City of Boulder
         - Heidi Williams     Mayor, City of Thornton

         Mr. MacKenzie thanked them for their service to the District.

      ii. **MHFD: Weather Ready Nation Ambassador of Excellence 2019**
         Mr. Greg Hanson, with the National Weather Service, presented the District with a Weather Ready Nation, Ambassador of Excellence Award. Mr. Hanson thanked the District for being a consistent presence in Colorado communities, advocating for flood and water safety. Mr. Kevin Stewart, Manager of our Flood Warning and Information Services, received the award on behalf of the District.

3. **Roll Call – Determination of Quorum**
   Roll was called and a quorum was declared present.
4. Approval of October 17, 2019 Meeting Minutes
(If there are no corrections “Minutes stand approved”, or with corrections “Minutes stand approved as corrected”)
Commissioner Szabo asked if there were any corrections to the October 17, 2019 minutes. Hearing none, the minutes were approved as submitted.

5. Presentation Agenda
(Each resolution will, after introduction and presentation from District staff, be placed on the Consent Agenda unless a request is made by a Board Member for action upon the resolution separately.)
a. Legislative Committee
(Resolution No. 79, Series of 2019)
Resolution No. 79 establishes the 2020 Legislative Committee for the District. The Legislative Committee is appointed annually at the November Board Meeting and is comprised of the following Board Members:

1. Mayor Bud Starker
2. Commissioner Matt Jones
3. Deputy Mayor Murphy Robinson*
4. Mr. Dave Sellards
5. Commissioner Lora Thomas

*Murphy Robinson is no longer Deputy Mayor. Therefore, he is no longer on the MHFD Board and will not serve on the Legislative Committee.

The purpose of this committee shall include, but not be limited to; review and evaluate pending legislation, both state and federal; direct the District’s lobbyists and/or Executive Director to advocate, oppose, or monitor individual bills and to receive updates and advice on activities at the city and county level, which are applicable to the District.

There being no further comments or questions, it was the consensus of the Board to place Resolution No. 79 on the Consent Agenda.

b. Authorization to Amend Lease at Diamond Hill
(Resolution No. 80, Series of 2019)
Resolution No. 80 authorizes the District to negotiate and execute an amendment to our current building lease to acquire an additional 1,286 rentable square feet. The additional space is needed to build out work spaces for planned new hires.

There being no further comments or questions, it was the consensus of the Board to place Resolution No. 80 on the Consent Agenda.

c. Adoption of Flood Emergency Support Plan
(Resolution No. 81, Series of 2019)
The Board first adopted a Flood Disaster Plan in 1978. Since then, it has been periodically updated to ensure that it is current. Internally, Mr. Stewart and Mr. MacKenzie have reviewed it and renamed it ‘Flood Emergency Support Plan,’ based on input by Wood, a consulting firm offering expertise in emergency management and mitigation planning.

The plan identifies tasks to be accomplished by the District before, during, and after a flood. It also serves to inform local governments and federal, state, and private disaster agencies of the assistance available from the District in the event of a flood disaster. It establishes tasks and procedures to enable the District to learn more about the effects of flooding and the value of mitigation efforts in effect at the time of a flood. The proposed changes are numerous but relatively minor. This resolution adopts the Flood Emergency Support Plan.
Upon conclusion of the presentation, Mr. Mark Hunter, had a few suggested edits for the Flood Emergency Support Plan Resolution. Since the suggested edits were not substantive, but more for clarification, the Board agreed to accept Mr. Hunter’s edits and place Resolution No. 81, as amended, on the Consent Agenda.

d. Authorization to Agree in Writing to Accept the Use of Property Tax Increment Financing for the Proposed 4201 East Arkansas Avenue Urban Redevelopment Area (Resolution No. 82, Series of 2019)

In 2011, the Board adopted a resolution (Resolution No. 38, Series 2011) that sets a policy for requests by Governing Bodies and/or Urban Renewal Authorities to the District regarding requests for its consent for the inclusion of agricultural land located in the District boundaries within an urban renewal area in compliance with the new 2010 requirements set by the General Assembly (31-25-107 C.R.S.). The Board policy also states that each request should come before the Board for review and discussion.

In 2016, this resolution was amended (Resolution No. 21, Series of 2016) to expand its policy regarding the acceptance of the use of property tax increment financing (TIF) to include urban redevelopment areas.

The District received a written request from the Denver Urban Renewal Authority (DURA) to accept the use of property TIF for the 4201 East Arkansas Avenue Urban Redevelopment Area. The proposed development includes:

- At least 150 affordable housing units
- Approximately 684 to 760 market rate residential apartment units
- Approximately 100,200 square feet of commercial, restaurant, and retail space
- Approximately 130-key hotel rooms
- Parking necessary to support the project

The fiscal impact to the District resulting from this resolution is a property tax revenue reduction of approximately $778,000 (under the current revenue projections) over the 25-year term of the property tax increment financing. Resolution No. 82 accepts the use of property TIF for the 4201 East Arkansas Avenue Urban Redevelopment Area and authorizes the Executive Director to enter into an agreement with the DURA to that effect.

Following the presentation, the Board had a lengthy discussion about the District’s support of TIFs. A summary is provided below:

Mr. MacKenzie explained that, as with all TIF acceptances, the District will not perform maintenance on any regional drainage improvements during the life of the TIF. These terms are set forth in the agreement letter provided to DURA.

While there was some concern over the District’s acceptance of TIF projects and the loss of potential revenue, the overall Board consensus was in favor of continuing to support TIF requests on a case-by-case basis. The Board did state that every TIF project approved by the District to date has been a good decision for our communities and, eventually, all of these projects will generate revenue for the District.

Commissioner Nancy Sharpe explained that while she understands and appreciates the Board’s support of this request, she will be voting against Resolution No. 82. Mayor Starker asked to remove Resolution No. 82 from the Consent Agenda, this motion was seconded by Mr. Sellards. With the exception of Commissioner Sharpe, the Board unanimously voted to approve Resolution No. 82.
e. **Acceptance of a Flood Hazard Area Delineation Report for Plum Creek, East Plum Creek, West Plum Creek**  
   (Resolution No. 83, Series of 2019)

Resolution No. 61, Series of 2014 authorized a major drainageway plan and flood hazard area delineation (FHAD) for Plum Creek, East Plum Creek, and West Plum Creek. The District funded the FHAD fully, but partnered with Douglas County to prepare the study. Enginuity Engineering Solutions was selected to perform the study. East and West Plum Creek confluence at the upper limits of Plum Creek, draining a watershed that is 320 square miles in area.

The effective floodplain map is based on the delineation produced in the “Plum Creek and East Plum Creek Flood Hazard Area Delineation,” study conducted by ICON Engineering, Inc., dated August 2004; along with any Letters of Map Change that have occurred since that time. This study updated the delineation using the latest topography, more detailed survey information, and the most up-to-date hydraulic modeling software.

There are approximately 38 insurable structures within the newly mapped East Plum, West Plum and Plum Creek 100-year floodplains, which is 21 more structures than the number shown on the current FEMA maps. This is primarily due to updated topography.

Resolution No. 83 accepts the FHAD study for Plum Creek, East Plum Creek and West Plum Creek. Upon acceptance, the study will be submitted to the Colorado Water Conservation Board for designation and approval. At that point, Douglas County will be able to regulate to the new floodplains.

There being no further comments or questions, it was the consensus of the Board to place Resolution No. 83 on the Consent Agenda.

f. **Authorization to Participate in Drainage and Flood Control Improvements on Mustang Run at Washington Street to 152nd Avenue, City of Thornton, Adams County**  
   (Resolution No. 84, Series of 2019)

The Hillwood Development Company, LLC is developing the area along Mustang Run at Washington Street to 152nd Avenue in the City of Thornton. The development is yet to be named, but consists of approximately 108 acres and is being developed for industrial use.

The City of Thornton, as part of their land development approval process, requires the master planned improvements to be implemented. The improvements include removing an irrigation pond, stream restoration and stabilization to prepare the stream for the future development in the watershed.

The City of Thornton and Hillwood Development Company have requested that the District manage the design and construction of improvements required by the City of Thornton as a result of a development in lieu of Hillwood Development Company designing and constructing those improvements along Mustang Run. Preliminary project costs are estimated to be $2,000,000.

Resolution No. 84 authorizes the District to collect funds from Hillwood Development Company into the Development Services Enterprise for the design and construction of the drainage elements of the project.

There being no further comments or questions, it was the consensus of the Board to place Resolution No. 84 on the Consent Agenda.

g. **Authorization to Participate in Drainage and Flood Control Improvements on Rooney Gulch Downstream of Yale Avenue, City of Lakewood, Jefferson County**  
   (Resolution No. 85, Series of 2019)

The City of Lakewood and the District cooperated in the preparation of “Morrison Area Major Drainageway Plan,” dated January 1990, which recommends improvements on Rooney Gulch.
Cardel Rooney Valley LP is developing the area along Rooney Gulch downstream of Yale Avenue in the City of Lakewood. The development is called Indigo at Red Rocks and consists of approximately 100 acres. The site is being developed primarily for single-family attached and multi-family residential use.

The City of Lakewood, as part of their land development approval process, requires the master planned improvements to be implemented. The improvements include: preservation of stream corridor, bank protection, grade control structures, maintenance access trail, revegetation and landscaping; and other drainage and flood mitigation improvements.

The City of Lakewood and Cardel Rooney Valley LP have requested that the District manage the design and construction of improvements required by the City of Lakewood as a result of a development in lieu of Cardel Rooney Valley LP designing and constructing those improvements along Rooney Gulch downstream of Yale Avenue. Preliminary project costs are estimated to be $1,500,000.

Resolution No. 85 authorizes the District to collect funds from Cardel Rooney Valley LP into the Development Services Enterprise for the design and construction of the drainage elements of the project.

There being no further comments or questions, it was the consensus of the Board to place Resolution No. 85 on the Consent Agenda.

h. Authorization to Participate in a Planning Study of Lena Gulch and Tributary H (Resolution No. 86 Series of 2019)

In 2017, the City of Wheat Ridge requested a major drainageway planning study and FHAD for Lena Gulch. The City of Golden, the City of Lakewood, and Jefferson County agreed to participate in the study as funding sponsors. This project was planned to start in 2021, but the City of Golden requested starting hydrology for this study in 2020 for use in an upcoming project. The rest of the local sponsors plan to contribute in 2021. Previous MHFD studies of Lena Gulch include:

- “Upper Lena Gulch Master Drainageway Plan” (Boyle Engineering, 1994)
- “Lena Gulch Master Drainage Plan” (Wright-McLaughlin, 1975)

The previous master plans included recommendations that are no longer in line with current stream management practices, such as channelization and gabion/concrete drop structures. Initial master planning costs are projected to be $40,000 with the local sponsors contributing $20,000.

Resolution No. 86 authorizes $20,000 of District funds from the General Fund to be at least matched by the City of Golden for the planning study.

There being no further comments or questions, it was the consensus of the Board to place Resolution No. 86 on the Consent Agenda.

6. Consent Agenda

Mr. MacKenzie announced that the agenda items under the Consent Agenda would not include presentations, and asked the Board if they had any questions regarding any of the resolutions included on the Consent Agenda. There being no further comments or questions, it was the consensus of the Board to place Resolutions No. 87, 88, and 89, Series of 2019, and the Review of Cash Disbursements dated October and November 2019 on the Consent Agenda.

a. Review of Cash Disbursements

The Cash Disbursement list, dated October and November 2019 has been distributed to the Board for review. There being no further comments or questions, it was the consensus of the Board to include approval of the Cash Disbursements on the Consent Agenda.

b. Additional Authorization to Participate in Drainage and Flood Control Improvements on North Dry Gulch from Lamar Street to Teller Street, City of Lakewood, Jefferson County (Resolution No. 87, Series of 2019)
c. Additional Authorization to Participate in Drainage and Flood Control Improvements on Platte Farm Open Space Detention Basin, City and County of Denver (Resolution No. 88, Series of 2019)
d. Additional Authorization to Participate in Drainage and Flood Control Improvements on Willow Creek Outfall at Rampart Range Road, Douglas County (Resolution No. 89, Series of 2019)

7. Vote on Approval of the Consent Agenda
   It was the consensus of the Board that Resolutions No. 79, 80, 81, 83, 84, 85, 86, 87, 88, and 89, Series of 2019, and Review of Cash Disbursements dated October and November 2019 be placed on the Consent Agenda. Commissioner Szabo moved to adopt the Consent Agenda. Upon a roll call vote the motion was passed unanimously.

8. Other Business
   a. Nominating Committee - Recommendation of 2020 Officers
      The Nominating Committee for 2019 officers (comprised of Commissioner Chaz Tedesco, Council Member Paul Kashmann, Commissioner Libby Szabo, Council Member John Marriott, Mayor Sam Weaver and Mr. Mark Hunter) recommended the following slate of candidates for 2020 officers:
          Chair – Council Member Stacie Gilmore
          Chair Pro Tem – Mayor Adam Paul
          Treasurer – Mayor Bud Starker
          Secretary – Mayor Stephanie Piko
          Member-at-Large – Commissioner Nancy Sharpe
      A motion was made, seconded and approved to adopt the recommendation of the Nominating Committee regarding the members of the Executive Committee. Mr. MacKenzie thanked the Nominating Committee for its service.

9. Reports/Discussions
   a. Executive Director’s Report
      Check Signing Procedure and Maximum Authorization of Executive Director
      Resolution No. 6, Series of 2014, Check Signing Procedure and Maximum Authorization of Executive Director, states that following:
          Payment of properly authorized expenditures made by check for amounts of $20,000 or greater shall require two signatures.
          The Executive Director is authorized to approve obligations up to $20,000 provided that such obligations are within approved Budget categories and limitations.
      Mr. MacKenzie would like to propose the following changes to Resolution No. 6, Series of 2014:
          Eliminating the two-signature requirement for checks of $20,000 or greater
          Increase the Executive Director’s approval of authorization to $100,000.
      The Board agreed that requiring two signatures for check signing is antiquated and approved updating this process to only require one signature for payment of expenditures. The Board also agreed to increase the Executive Director’s authorization from $20,000 to $50,000.
      A motion was made to approve this resolution by Mayor Herb Atchison and seconded by Mayor Bud Starker. Clarification was provided to the Board that there was no resolution to approve this month, Mayor Atchison and Mayor Starker withdrew their motions. Mr. MacKenzie will update Resolution No. 6, Series of 2014, and bring it before the Board for adoption at the January 16 meeting.
      Annual Local Government Satisfaction Survey
      Mr. MacKenzie provided a presentation on the results of the Local Government Satisfaction Survey that was conducted this year. With 41 respondents, the District’s overall ‘rating’ was 3.5 out of 4.0. While this averages out to a B+ rating, the survey identified a few areas that can be improved upon to provide better service to our local government partners.
Mayor Heidi Williams Recognition
Mr. MacKenzie recognized Mayor Williams for her nine years of service to the District. During her tenure, she has served as Treasurer, Chair Pro-Tem, and Chair, in addition to several District Committees. Mr. MacKenzie presented Mayor Williams with District Artwork in appreciation of her services.

Commissioner Libby Szabo - Recognition
Mr. MacKenzie recognized our 2019 Chair, Commissioner Szabo for her contributions over the past year. Her support and leadership has been valuable to the success of the District and we look forward to another year with Commissioner Szabo on our Board. Commissioner Szabo was gifted with a gavel plaque in appreciation of her services.

District Staff – Thank You
Mr. MacKenzie recognized the staff of the District for an amazing year. The additional funding brought on many new challenges that have touched every part of our organization. Mr. MacKenzie recognized staff members for stepping up to those challenges, resulting in a very successful year.

b. Project Showcase
Mr. Skuodas gave a presentation on Hoffman Drainageway from 88th Avenue to Steele Street.

10. Announcements
   a. Annual Board Meeting: **Thursday, January 16, 2020**

11. Adjournment
Commissioner Szabo adjourned the meeting at 2:42 p.m.
WHEREAS, the term of Mr. Dave Sellards as director of the Urban Drainage and Flood Control District d/b/a Mile High Flood District ends January 31, 2020; and

WHEREAS, subsection 204(6)(a) of the Urban Drainage and Flood Control Act provides that “On or after the twenty-first day of January of each year but on or before the last day of January in such year, a director shall be appointed to the board by such board...”; and

WHEREAS, subsection 204(6)(b) requires that “Each director appointed pursuant to this subsection (6) shall be a professional engineer licensed by the state, an elector of the District, and not an officer in the regular employment of any public body. Each such director shall remain so qualified during his or her term of office as director.”; and

WHEREAS, subsection 204(9) provides “Except as otherwise provided in this article, any incumbent may be reappointed as director to the board.”; and

WHEREAS, Mr. Dave Sellards is a taxpaying elector of the District, is not an officer of, or employed by any public body, and is a licensed Colorado professional engineer holding license number 5632.

NOW, THEREFORE, BE IT RESOLVED THAT:
Mr. Dave Sellards is reappointed as a member of the Board of Directors of the Urban Drainage and Flood Control District d/b/a Mile High Flood District, effective February 1, 2020 for a term ending on January 31, 2022.

ATTEST:

Secretary

Chairperson
WHEREAS, the District, in a policy statement previously adopted (Resolution No. 14, Series of 1970 and Resolution No. 11, Series of 1973), expressed an intent to assist public bodies which have heretofore enacted floodplain zoning measures; and

WHEREAS, Jefferson County has enacted floodplain regulations; and

WHEREAS, Jefferson County (hereinafter referred to as “County”), the City of Lakewood, and the District cooperated in the preparation of "Upper Weir Gulch Major Drainageway Planning Study Phase B," December, 1993 (hereinafter referred to as “Master Plan”) which recommends improvements to South Weir Gulch at 1503 South Pierson Street; and

WHEREAS, the 2.079-acre property at 1503 South Pierson Street on South Weir Gulch was originally dedicated to the County by a land developer as a drainage tract; and

WHEREAS, said property was subsequently and inadvertently sold by the County at a public tax auction; and

WHEREAS, the property has since changed ownership several times and is now owned by Mr. Serge Borso, who plans to develop it as a single-family residential development and has submitted such plans to the County; and

WHEREAS, Mr. Borso’s development plan would interfere with, and greatly increase the cost and complexity of implementing the drainage improvements detailed in the Master Plan; and

WHEREAS, the District has commissioned a land value appraisal of said property, which values it at $68,000 with “open space” being the highest and best use; and

WHEREAS, Mr. Borso has also commissioned a land value appraisal of said property, which values it at $185,000 with “single family residential development” being the highest and best use, and based on this appraisal has rejected the District’s previous offer of $68,000; and

WHEREAS, the District has now negotiated an offer of $100,000 for said property, which offer is agreeable to Mr. Borso as full and final payment; and

WHEREAS, the District’s policy regarding preservation of floodways and floodplains and the purchase of land for future improvements (Resolution No. 67, Series of 2019) authorizes the District’s participation in the acquisition of undeveloped floodplains to prevent unsafe development and for future improvements.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Executive Director of the Urban Drainage and Flood Control District d/b/a Mile High Flood District is authorized to negotiate the purchase of the property at 1503 South Pierson Street from Mr. Serge Borso for an amount not to exceed $100,000.

2. Upon taking ownership of the property at 1503 South Pierson Street, the Executive Director is directed to transfer ownership of the property to Jefferson County with future use restricted to that of preserved floodplain and open space only.

RESOLUTION NO. 02, SERIES OF 2020
(Authorization to Purchase the Property at 1503 South Pierson Street, Jefferson County)

EXHIBIT A
WHEREAS, CRS 32-11-208(d) empowers the District to establish a reasonable system of business administration; and

WHEREAS, the current procedure is for all checks in amount of $20,000 or greater to be signed by two individuals (Resolution No. 6, Series of 2014); and

WHEREAS, this policy is antiquated, cumbersome, and sometimes results in vendor payment delays; and

WHEREAS, the District is additionally phasing in electronic fund transfers (ETFs) as the new standard for internal financial control and will eventually phase out paper checks; and

WHEREAS, a list of all cash disbursements including reason for payment for those in excess of $50,000 is provided each month for review by the Board; and

WHEREAS, the Executive Director is currently authorized to approve obligations within adopted budget categories and limitations of up to $20,000 (Resolution No. 6, Series of 2014); and

WHEREAS, the Board wishes to update the check signing procedure and the maximum amount the Executive Director is authorized to commit on behalf of the District.

NOW, THEREFORE, BE IT RESOLVED THAT:

Resolution No. 6, Series of 2014 is replaced by the following:

1. A list of cash disbursements including reason for payment, for those in excess of $50,000, shall be prepared each month and presented to the Board for review.

2. Each cash disbursement shall be based on a proper authorization of the Board or Executive Director, and shall be within approved budget amounts and categories.

3. Payment of properly authorized expenditures made by check for any amount shall be signed by any one of the following seven persons: Chairperson, Chairperson Pro-Tem, Treasurer, Secretary, Executive Committee Member at Large, District Legal Counsel, or Executive Director.

4. The Board authorizes the Executive Director to approve obligations up to $50,000 provided such obligations are within approved budget categories and limitations.

WHEREAS, the Colorado Open Meeting Law was revised to allow local governing bodies to post notices of their public meetings on their official website; and

WHEREAS, the public place or places shall be designated annually at the local public body’s first regular meeting of each calendar year; and

WHEREAS, these notices shall be easily accessible and searchable by terms such as type of meeting, date and/or time of meeting, agenda, or any other term that the local governing body deems necessary; and

WHEREAS, in addition to the notice of public meeting on their website, the governing body shall designate a public place within its boundaries where it shall post a notice, within twenty-four hours prior to the meeting, if they are unable to post the notice of public meeting due to technological or otherwise unforeseen circumstances, such as a power or internet outage that may prevent the post from being accessed online.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Board of Directors hereby designates that all notices of public meeting shall be posted at least twenty-four hours in advance of said meeting on its website at www.mhfd.org/meetings and said meeting will be easily accessible and searchable by terms such as type of meeting, date and/or time of meeting, agenda, or any other term that the local governing body deems necessary.

2.
