• Ken Wright
• Rex Paulsen
• Jim Ogilvie
• Horace Smith
• John Sheaffer
• Richard Krimm
• Robert Rosenheim
Protecting People, Property, & the Environment

The Natural Environment
The Built Environment
Vision Statement Circa 2011

Achieve a sustainable network of safe, efficient, and environmentally sensitive drainage and flood control facilities to best serve an urban community that is aware of its flood risks.

Lead the region and the nation by implementing innovative thinking and technology and by promoting wise use of public and private lands, while providing unsurpassed service to the community.
Mission Statement Circa 2011

The Urban Drainage and Flood Control District works with local governments to solve and prevent multi-jurisdictional drainage and flood control problems in order to protect people, property, and the environment.
Protecting people, property, and the environment
